Raquel Discavage has been bending over the Faculty and Staff Section for so long that her neck is hurting. Janet Martin is trying to ease the pain.

Terry Price spent much of his lunch time working on the sales records. He said we sold 234 books. That means we are 66 short of our goal.

Super proofreaders Marci Rininger and Danny Hayes looking over the Organizations Section.

YEARBOOK STAFF

at work

Billy Lowe and Scott Bokon working on first page.

Amanda Amador and Jennifer Sieczko now know the names of every student in school. They alone were responsible for pages 4-16, the entire student section. In Room 113, after school, they were identifying, labeling, cutting, alphabatizing, arranging and cementing all the student pictures.

Lisa Humphrey, Patty May, Marci Rininger and Danny Hayes are placing the band, orchestra and choir pictures.

Raquel Discavage trims the Faculty and Staff pages while Janet Martin and John Decocq discuss artwork.

Scott Bokon and Billy Lowe are using their minds to come up with "demon" drawings.
